

Subject: Economic Security for All (EcSA) 200% Above Poverty Level Policy

Policy No: 2023-05

Effective Date: 7/25/23

Revised: 4/30/24

PURPOSE: To ensure Benton-Franklin Workforce Development Council's (BFWDC) policy compliance set forth in Washington Information Notice (WIN) 0129-2 & WIN 0135 which allows for State & Federal (respectively) Economic Security for All (EcSA) eligibility for those household's whose income is above 200% of the Federal Poverty Line (FPL).

BACKGROUND: In recognition of the work that Washington's workforce development system did to alleviate poverty through the Economic Security for All (EcSA) Initiative, Governor Inslee and the Legislature approved a \$6.2 million appropriation of state general funds for Program Year 2022 (Fiscal Year 2023) to be allocated to Local Workforce Development Boards (LWDBs) to expand on the work previously done by local EcSA programs funded by the Governor's WIOA statewide activities funds. In Program Year 2023 (Fiscal Year 2024) the Legislature and Governor continued to allocate the \$6.2 million per year for individuals below 200% of the Federal Poverty Line (FPL), while also providing an additional \$2.6 million per year to serve individuals over 200% of the FPL but at who are at risk of falling into poverty.

EcSA is a poverty reduction model that coordinates existing programs to increase their collective ability to support low-income Washingtonians in their pursuit of equity, dignity, and sustained self-sufficiency. Governor Inslee approved an additional \$5.4 million in Program Year 2022 WIOA Title I-B Statewide Activities Funds for a new round of Federal EcSA. Additionally, at the direction of the Governor's Office, ESD received an additional \$1.4 million to allow for the expansion of Federal EcSA to individuals whose household income is above 200% of the FPL, but who are at risk of dropping below. Due to this expansion, areas may designate up to 15% of their Federal EcSA enrollments to serve individuals whose documentation places their household income in excess of 200% of the FPL, but who are at risk of falling below it as defined by LWDBs.

This policy will be updated and revised accordingly when updated requirements are issued by the U.S. Department of Labor Employment and Training Administration (DOL/ETA).
